If the player loses, a special boss fight against Psy-Crow must be won in order to progress to the next level. It was released for the Sega Genesis in 1994, and subsequently ported to a number of other video game consoles. Unlike the rest of the game, it places the viewpoint behind Jim. The player must direct Jim on his rocket, in a race against Psychrow, through a tube-like structure while collecting items and boosts and avoiding asteroids. Two villains made their only appearance in this game, Chuck, a junkyard man with a tendency to vomit bizarre objects, and Doc Duodenum, a crazed organ of a giant alien. The whip move also allows the player to grab hold of, and swing from, certain hooks in the game. [Kashful Asrar By Khomeini Pdf](#)

Fifteen years later, Gameloft developed a high definition remake for the PlayStation Network and Xbox Live Arcade, titled Earthworm Jim HD, in 2010. The player can use Jim's gun as a method of shooting enemies, or his head as a whip for whipping enemies. The game incorporates a large variety of villains in the boss battles, including Psy-Crow, Queen Slug-for-a-Butt, Evil the Cat, Bob the Killer Goldfish, Major Mucus, and Professor Monkey-For-A-Head.
